REBELLION IS NOT CONFORMITY;
IT'S THE ART OF DEFYING THE ORDINARY.

WELCOME TO THE HOME OF THE AUDACIOUS WHERE THE NORM IS CHALLENGED, AND THE EXTRAORDINARY IS EMBRACED. CUPRA TAVASCAN ISN'T JUST ABOUT ACQUIRING A CAR; IT'S ABOUT ADOPTING A BELIEF: THAT ELECTRIC CARS CAN IGNITE PASSION, AND THAT THRILL IS ACHIEVABLE WITH ELECTRIC MOTORS. JOIN THE MOVEMENT WHERE DRIVING BECOMES AN EXPERIENCE, AND SPORTINESS IS REDEFINED. THE CUPRA TAVASCAN SETS ITS TARGET AS A REBEL AMONG THE ORDINARY. IF YOU RESONATE WITH REBELLION, THEN YOU'RE PART OF OUR TRIBE.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

BEAUTY

In a world where being one of the few means being one of the only ones, beauty finds its true meaning. There you will find us thriving, because we know that there is no result without process, no reward without sacrifice. We are the architects of change, rearranging the pieces, forging new paths, pursuing excellence and revealing a greater truth. We have produced a masterpiece of effort that exhibits pure, authentic beauty: our CUPRA Tavascan.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

EXTERIOR STYLING

PERFORMANCE-DRIVEN EXTERIOR DESIGN

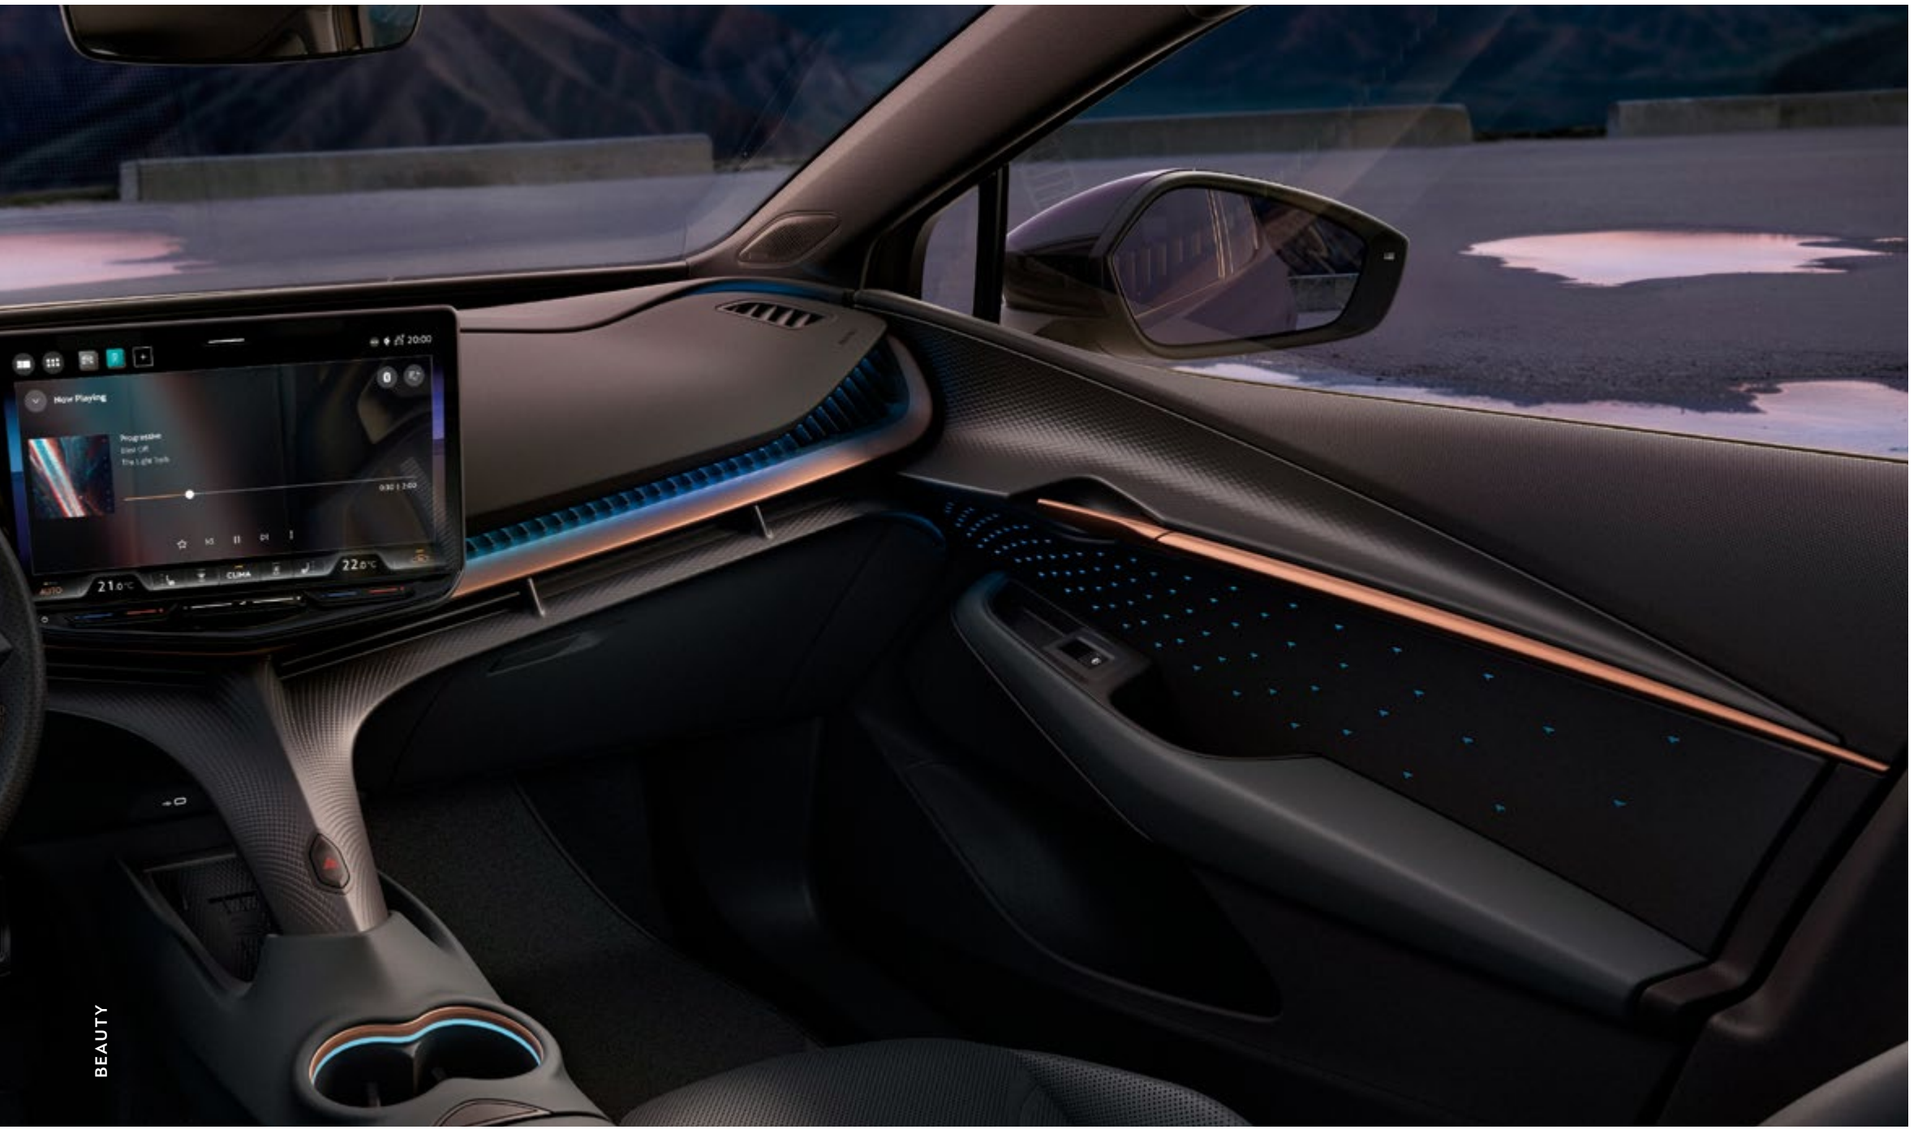
The new CUPRA Tavascan front bumper heralds an exciting era of performance-driven design. Sculpted lines, aerodynamic alloys and the enhanced CUPRA logo project confidence and identity, defining a bold and visually captivating electric presence.

COAST-TO-COAST ILLUMINATION

Flow from end to end with the Tavascan coast-to-coast rear lighting, a continuous gleam that weaves elegance with a glowing central CUPRA logo.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

INTERIOR STYLING



INTERIOR LIGHTS

Inside the Tavascan, ambient lighting sets a harmonious and technologically savy scene, strategically placed to cultivate an immersive driving environment.

OPTIMIZED CENTRAL SPINE

The Tavascan interior is a masterstroke of design, with an elegant central spine and a copper touch. This ensures an intuitive control and a driving experience that's both powerful and confident.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

POWER

What have we accomplished? We've meticulously assembled the right pieces, fueled by a vision of defying the norm, of turning rebellion into reality—never fully grasping the magnitude of what was to come. Drive into the realm of electrifying performance with the new CUPRA TAVASCAN, this isn´t just a car, it's the manifestation of power, speed and innovation. Experience the exhilaration of acceleration, the precision and future of driving all in one

"Join the revolution. Embrace the power. This is more than just driving; this is the future".

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ELECTRIFYING PERFORMANCE

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

TAVASCAN

With its 58 kWh battery and rear-wheel drive, the Tavascan Trim delivers effortless electric performance. 140 kW of power, up to 430 km of range, and a smooth, confident drive. Designed to make every journey feel dynamic, every day.

TAVASCAN ENDURANCE UNLEASHED

Traverse further with confidence; Tavascan's robust 77 kWh battery and rear-wheel drive invite you to explore an impressive 553 km range of dynamic, efficient driving.

TAVASCAN VZ POWER*

With its 77 kWh battery and dual-engine 4 wheel drive, the Tavascan VZ surges forth with a 250 kW thrust, offering safety and unrivalled dynamic performance across an impressive 513 km range.

* VZ (250 kW) will be available from week 22/26.

CHARGING SOLUTIONS

BATTERY-POWERED TAVASCAN DRIVE

THE NEW CUPRA TAVASCAN REVOLUTIONISES URBAN MOBILITY, GRANTING THE LIBERTY TO NAVIGATE THE METROPOLIS WITH FINESSE. BOASTING FULLY ELECTRIC RANGE OF UP TO 100 KM IN ONLY 7 MINUTES CHARGING AND FROM 10% TO 80% IN 28 MIN WITH A DC CHARGER, IT INVITES YOU TO EMBRACE THE FUTURE OF CRIVING WITH CONFIDENCE.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

POWER YOUR JOURNEY

Tavascan to challenge the status quo. A reinvigorating rebellion, an impulse that moves us in new ways, at home or on the go. Discover CUPRA charging solutions through the My CUPRA app and transform your journey.

PUBLIC CHARGING ACCESSIBILITY

Recharge your Tavascan easily with a growing network of charging stations in city centres, suburbs, and beyond. Discover the new Plug&Charge feature that removes the hassle of using apps or RFID cards. The CUPRA Charging Map navigation function was designed to helps you find stations and plan trips for maximun convenience.

HOME CHARGING SOLUTIONS

Experience ease with CUPRA's home charging solutions. Use the My CUPRA app to remotely control charging, manage your home charger and be always ready to go.

CUPRA CHARGER 2

Revolutionizing the way you charge your CUPRA. This new and enhanced version of the Home Charging solution unlocks the full potential of the CUPRA Born's charging capabilities, supporting up to 11 kW AC* and offering Wi-Fi and remote connectivity. Smart functions optimize charging based on solar energy availability and electricity rates, reducing costs by up to 40%.

* The Charger is able to reach powers of up to 22 kW covering the maximum charging power of your CUPRA. Charging times vary in relation to the following factors: external temperature, battery temperature, maximum voltage of your charger system and condition of charger and battery.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

INNOVATION

Step into the future. CUPRA TAVASCAN is a manifesto of future driving, combining innovation and sustainability. Pushing the limits and challenging the norms, this electric drive redefines what it means to drive. From its cutting-edge technology to its futuristic design, every aspect of this car ensures a smart and comfortable ride.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PERFORMANCE & TECHNOLOGY

PARK ASSIST

Experience the ease of semi-autonomous parking with the Tavascan's Park Assist, designed to navigate tight spaces with precision at your fingertips.

SMART LIGHT INNOVATIONS

Navigate with clarity as the Tavascan's smart lighting informs you in real-time, from call alerts to charge levels, all while guiding your drive with clear lane indications.

AUGMENTED REALITY HEAD-UP DISPLAY

The Tavascan's augmented reality head-up display casts crucial information onto your windshield, overlaying data over the road ahead, ensuring focus and safety.

MATRIX LED

Illuminate your path with the Tavascan's Matrix LED technology, an intelligent system that dispels the shadows and ensures your journey is bathed in clarity, not glare.

VENTILATED FRONT SEATS

Embrace the comfort of ventilated front seats, where you get three levels of cooling for the backrest and cushion to keep you refreshed on every journey.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PERFORMANCE & TECHNOLOGY

V2L (VEHICLE TO LOAD)

Transform your CUPRA into a powerful energy source whenever you need it, thanks to V2L.

DIGITAL COCKPIT 10.25"

A larger 10.25" Digital Cockpit delivers a high-definition, immersive & more intuitive experience.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ELECTRIC AIRVENTS

Electric Airvents with Remote Ventilation let you control cabin airflow from the My CUPRA App.

MOBILE DIGITAL KEY (BETA)[1]

Explore the convenience of the Mobile Digital Key (Beta)[1], the next step in the evolution of Kessy Advanced. It allows you to lock, unlock and start your vehicle securely using your smartphone.

LAUNCH CONTROL, PURE PRECISION

Experience the advanced Launch Control in your CUPRA Tavascan, engineered to coordinate engine, traction, and transmission for instant, slip-free acceleration. Enhancing this feeling is the CUPRA Interior Sound, creating a sporty, immersive acoustic profile that amplifies the vehicle's dynamic character.

[1] Mobile Device Key is a supplement to the traditional physical key. Please make sure that you have the physical key available.

SAFETY

CONNECTED TRAVEL ASSIST TECHNOLOGY

The Tavascan's Connected Travel Assist redefines your journey, integrating adaptive cruise control, lane-keeping assistance and traffic jam assist for improving overall driving experience and Safety.

EXIT ASSIST

When reversing from a parking space, visual and acoustic warnings are provided if other vehicles are approaching.
If the driver does not brake, the system brakes autonomously to avoid an accident.

ADVANCED ALARM SYSTEM

The Tavascan's alarm system stands guard with a suite of protective features, including intrusion detection, impact sensors, and a high-intensity siren—all accessible via remote control for your peace of mind.

FRONT CROSS TRAFFIC ASSIST

This advanced driver-assistance feature enhances safety at intersections and in low-visibility areas. It detects crossing traffic, identifies vehicles approaching from the sides, alerts you visually and acoustically, and can apply gentle automatic braking to help prevent or mitigate a collision.

Euro NCAP has awarded the CUPRA Tavascan a maximum safety rating of 5 stars.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

UPGRADES

CUPRA TAVASCAN BLACK EDITION

Black is mysterious, alluring—just like this edition of the CUPRA Tavascan. Take a ride on the dark side with sporty performance wrapped in Midnight Black or your preferred colour from the range, edition-specific 20- or 21-inch alloy wheels in Sport Black Matt with Black R inserts, front bumper and grille details, claddings, and a rear diffusor.

NOCTURNAL MOOD INTERIOR

An option designed for those seeking a distinctive look with a premium flair. Details like the Bucket Dinamica® seats in Soul Black, the Spine and door mouldings in Fusion Metal, and the Black slush and PCV elements create an interior with a true dark-night atmosphere.

INNOVATION

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CUPRA CONNECT

Welcome advanced navigation and content as you drive, along with added security and a remote connection to your CUPRA Tavascan via my CUPRA App.

NEXT-LEVEL CONNECTIVITY

Remote lock & unlock, plug&charge, check the battery level, adjust your climate settings, find where to charge and even drive your car - all from your phone.

TOTAL CONTROL, EFFORTLESSLY

Take your driving experience further with the 12.9" Navi System. Navigate in real time, discover near by charging points and parking, pay instantly with Park & Pay, and enjoy global radio and podcasts. Everything you need is right at your fingertips.

CUPRA DIGITAL KEY (BETA)*

Your smartphone can now function as a Mobile Digital Key (Beta)*: unlock the car as you approach, lock it as you walk away, start the engine, and share access securely. Manage your Mobile Digital Key (Beta)* through your phone wallet after activating it via the My CUPRA App. The package also includes a Smart Card to temporarily grant access to someone else.

MY CUPRA IN APPLE CARPLAY

Enjoy infotainment functions within Apple CarPlay™, with quick and easy access. Designed for users who use Apple CarPlay™ as their main interface, it offers a personalised environment with effortless control of audio, temperature and lighting, as well as access to your contacts, key driving information and much more. Activate everything quickly through the My CUPRA App.

CUPRA APPS STORE

Get a selection of in-car applications directly on your infotainment display and enjoy a truly curated connected-driving experience. Enjoy effortless connectivity with ready-to-use apps, convenient charging, a personalized interface tailored to your preferences, and plenty of entertainment and information services on the go.

* Mobile Device Key is a supplement to the traditional physical key. Please make sure that you have the physical key available.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

LEISURE

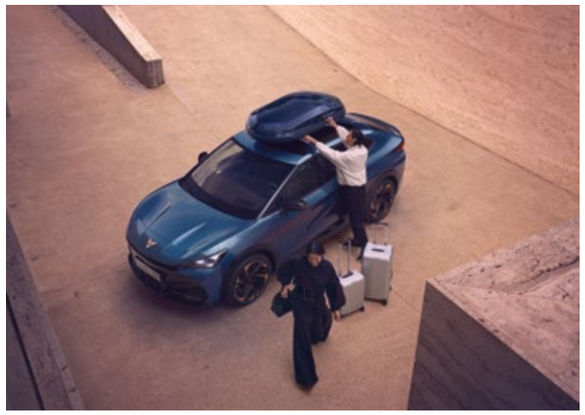
This is the leisure side of CUPRA, where every accessory and service is crafted for your enjoyment. In this world environmental consciousness meets the thrill of the drive, blending entertainment, fun, and relaxation smoothly. This is your time to indulge, unwind, and relish every moment. With CUPRA, leisure is not just a pastime; it's an integral part of the journey, designed to enhance your free time and turn every trip into a pleasure-filled adventure.

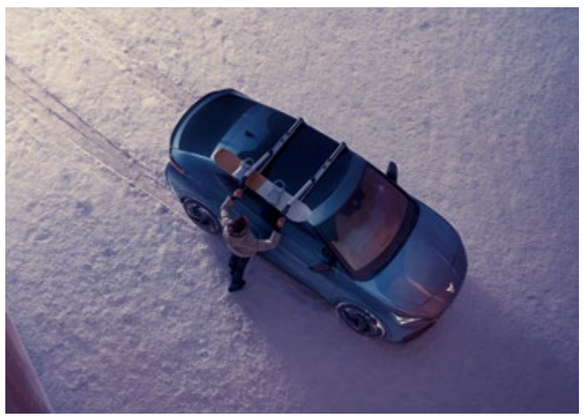
Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ACCESSORIES

ROOF BOX

Constructed from tough yet light materials, it provides a generous 450 liters of storage capacity. Easily attached, perfect for your next adventure.





SKI RACK

Heading to the slopes? This rack easily accommodates up to 6 pairs of skis or 4 snowboards. Its soft rubber padding ensures your gear stays protected. No extra tools needed for installation.

Benefit from 24/7 roadside assistance for ten years across the EU and adjacent regions, with a 2-year complimentary service from the moment you own a CUPRA.

RELAX INTO THE IMPULSE

With CUPRA Insurance, enjoy year-round coverage. Quick and efficient support, alongside reliable repair services, ensure swift resolution. In the event of vandalism or theft, a courtesy car guarantees your continuous CUPRA experience.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

* e-CARE services may differ according to market.

ENVIRONMENTAL INFORMATION

DRIVE PROFILE

This allows the customer to choose between different driving profiles that will change vehicle's behaviour. One of these profiles is the RANGE, which, among other actions, adjusts the climate control and changes the propulsion parameters to reduce energy consumption.

EXTEND BATTERY LIFE

By limiting the maximum SOC% (State of charge) of the high voltage battery to 80%. This function prevents the vehicle from being parked with a high charge level, thereby reducing battery degradation, maximum range and extending battery life.

Post-climatization: extends the battery life by regulating its temperature below 38°C if the charging level is above 80% for better storage.

LIGHTING

Headlamps and rear lamps are 100% LED, increasing life service by up to 10 times. For headlamps, power consumption is significantly reduced at least 30%, and the luminous flux effectiveness is increased at least 30% in comparison to a halogen lamp.

RECYCLED MATERIALS

Seat PURE configuration: Its seat central areas contains at least 97% of recycled textile.

Seat CONTRAST configuration: Its seat central areas contains at least 50% recycled microfiber.

Carpets contain a minimum of 40% recycled nylon ECONYL® yarn (nylon from discarded fishing nets and textile fibers from disposed carpets).

ECO-ASSIST

While driving manually with Comfort or Range driving profiles, when a foreseen event or a moving object ahead is detected, the ECO-Assist function enhances efficiency and comfort during deceleration by continuously determining the ideal coasting and/or automatic energy recuperation strategy. In certain situations, the function provides the driver with a visual event warning to lift their foot off the accelerator pedal, and if the driver reacts, the function takes over the anticipated deceleration based on the distance to the event. Driving with ECO-Assist function active saves energy and increases range.

CUPRA's environmental mission: contributes to climate protection, resource conservation, ecosystem preservation, and compliance with environmental regulations.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

TECHNICALS

In the universe of the CUPRA Tavascan, technical mastery isn't just quantifiable; it's an ensemble of engineering feats. Within this domain, every nuance resonates with a commitment to superior performance, blending raw electric power with eco-conscious design.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

Acceleration (0-100 km/h)	8.6	6.8	5.5
Acceleration (80-120 km/h)	7.3	4.0	3.5
Max power	140HP*/188kWh	210HP*/286kWh	250HP*/340kWh
Max Speed	160 km/h	180 km/h	180 km/h
Electric range min	403 km*	468 km*	451 km*

DRIVETRAIN

Traction	Rear	Rear	Front/Rear
Max torque (Nm)	350	545	545

*The technical data displayed are merely indicative and may vary. The available power (KW) and acceleration of the vehicle depends on the battery charge level and its temperature at all times. The pictures are used for illustrative and informational purposes only and may not correspond to the series production.
The electric range of the vehicle varies depending on a series of factors such as the orography of the terrain, the weather conditions, the state of charge of the vehicle (occupants + luggage), the age and condition of the battery, the optional equipment chosen (rims, tyres ...), the use of peripheral consumers such as heating, air conditioning or heated seats, and their driving style. The indicated autonomy is a provisional value and has been calculated in accordance with the WLTP regulation that establishes standard test conditions applicable to all manufacturers so that the values calculated following this regulation are comparable with each other for all vehicles.

BATTERY

	TAVASCAN 61 KWH	TAVASCAN ENDURANCE 82KWH	TAVASCAN VZ 82KWH
Battery type	LFP 61kWh	NMC 82kWh	NMC 82kWh
Battery capacity (kWh)	58	77	77
Charging time (AC 11 kW)	6h	8h	8h
Charging time (DC 105 kW)	26min	N/A	N/A
Charging time (DC 135 kW)	N/A	29min	29min

ELECTRIC CONSUMPTION

Electric consumption WLTP (kWh/100 km)	15.4 - 17.2	15.6 - 18.8	16.5 - 19.6
Range WLTP max-min (km)	441 - 403	557 - 468	533 - 451
