ENGINE SPECS

THERE ARE MOMENTS WHEN WE MIGHT CONSIDER THAT BEING SECOND IS ACCEPTABLE BECAUSE THE PATH OF LEAST RESISTANCE CAN SEEM SO INVITING. IN THE HAZE OF UNCERTAINTY, IT CAN FEEL LIKE A SAFE HARBOUR, A PLACE WHERE THE STAKES ARE LOWER AND THE PRESSURE EASES. BUT DEEP DOWN, NO MATTER HOW HARD WE TRY TO SETTLE FOR THAT, WE SIMPLY CAN'T.

WE ARE TOO OBSESSED WITH WINNING.

WE ARE DRIVEN BY AN ENDURING PASSION THAT FUELS EVERY MOVE, EVERY DECISION. IT COURSES THROUGH OUR VEINS LIKE AN UNSTOPPABLE CURRENT. IT'S A FERVOUR THAT REFUSES TO BE EXTINGUISHED. AND AT THIS POINT, WE WOULDN'T CHOOSE ANY OTHER WAY.

WE WILL CONTINUE BREAKING BOUNDARIES, DEFYING LIMITS, AND CHALLENGING THE CHALLENGER BECAUSE WE KNOW THAT SECOND PLACE IS NOT EVEN AN OPTION.

THIS IS OUR CURSE.

THIS IS THE PRICE WE HAVE TO PAY.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

BEAUTY

The beauty of winning isn't about crossing the finish line first. It's not about the trophy or the medal. The real beauty of winning begins every morning when your alarm goes off. It's in those 15 extra minutes of sleep you're tempted to take but resist. It's when you're running on empty, yet you push through those last 10 miles.

In those moments of overwhelming challenge, the beauty of winning is born: through your determination, conviction, ambition, passion, and an unrelenting drive to be the best.

That's the beauty of winning. Being first is just a label.

We are more than that.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

EXTERIOR STYLING

STRIKING DESIGN: THE COOL & SPORTY SUV

Unleash your daring side with the CUPRA Terramar's bold, dynamic design. This SUV embodies determination and audacity with its shark-inspired, long bonnet, radiating strength and ferocity from every angle.

EMBRACE THE LIGHT

Stand out with the iconic 3D infinite rear LED lights. The illuminated CUPRA logo adds a sophisticated touch, making your presence undeniable. The Terramar name shines brightly, emphasising the SUV's bold proportions. Completing the look, the contrasting diffuser gives the design a defiant character.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

INTERIOR STYLING

INNOVATIVE DRIVER-ORIENTED INTERIOR

Immerse yourself in a cabin crafted for a real driving experience with the CUPRA Terramar's driver-oriented interior, featuring a stunning 12.9" infotainment system and a dashboard adorned with 3D parametric moulding and copper detailing.

ZERO DISTRACTIONS, FULL IMMERSION

Enjoy distraction-free driving with a customisable, soothing glow throughout the interior. Backlit door panels and multifunctional ambient lighting.

IMMERSIVE ILLUMINATION

The CUPRA Terramar's ambient light system features strategically placed LEDs that create a customizable, soothing glow. Enhance your dashboard, door panels, and entire interior, immersing yourself in an inspiring and refined driving experience.

POWER

A new form of power is set free. From calm to ferocious, the Terramar transforms power into unforgettable journeys. The aerodynamic design cuts through the air, adding speed and stability. Inside, the cockpit is a command centre for innovation and technology. The suspension delivers a sporty response, while the brakes provide precise control. Every component, from the wheels to the digital display, embody this relentless energy.

This power became the essence of Terramar, making it a symbol of victory.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PRECISION PERFORMANCE

Discover your driving potential with our all-new Terramar which blends powerful performance with dynamic design.

HANDLE EVERY DRIVE

Be precise with your drive via the advanced 12.9" infotainment system and the new generation of Dynamic Chassis Control (DCC) with two-valve shock absorbers. Adaptive dampers provide ultimate stability and driving dynamics, seamlessly adjusting to road conditions. Chassis tunability transforms journeys beyong the status quo.

PURE STOPPING POWER

The CUPRA Terramar's Akebono performance brakes with six-piston calipers and larger perforated discs (375x36mm) bring even more confidence in this SUV's dynamics, allowing you to brake to the max when needed.

LEADING THE WAY

Get behind the wheel with the CUPRA Terramar's leather-wrapped multi-function sports steering wheel. Featuring integrated heating and tiptronic capabilities, Start the engine from the wheel and choose your driving mode. Select the CUPRA Mode with a long press of the driving mode button and be prepared to enjoy the ride.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ELECTRIFYING INNOVATION

Innovation at your reach with CUPRA Terramar.
The new generation plug-in hybrid powertrain boosts performance and delivers a wide electric-only range, proving electrification and performance.

e-HYBRID: NEXT-GEN EFFICIENCY

Experience the benefits of both worlds with the CUPRA Terramar's new PHEV generation. Enjoy up to 100 km of electric range and increased power up to 200kW, combining the latest technologies and innovative equipment to maximize your driving experience.

PUBLIC CHARGING ACCESSIBILITY

Recharge your CUPRA Terramar effortlessly with a growing network of charging stations in city centres and suburbs. Using the My CUPRA app, manage remote charging, stay informed with real-time insights, and authorize public chargers whenever needed.

HOME CHARGING SOLUTIONS

CUPRA's home charging solutions offer seamless convenience through the My CUPRA app. Remotely manage your charging, oversee your home charger, and ensure your CUPRA Terramar is always ready for the next adventure.

CUPRA CHARGER 2

The CUPRA Charger Connect 2* ensures your CUPRA Terramar is charged swiftly and safely, covering the maximum charging capacity up to 11 kW AC.
The CUPRA Charger 2 introduces smart functions that optimize charging based on solar energy and electricity rates, all reducing costs by up to 40%.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

*The Charger is able to reach powers up to 22 kW covering the maximum charging power of your CUPRA. Charging times vary in relation to the following factors: external temperature, battery temperature, maximum voltage of your charger system and condition of charger and battery.

INNOVATION

The spirit of innovation was forged in times when ideas were scarce and resources limited. We committed to never settle, letting our creativity lead the way. We embraced groundbreaking solutions, turning challenges into triumphs.

Innovation wasn't merely a choice; it was crucial. This relentless pursuit of excellence led us to the CUPRA Terramar, a vehicle that sets new standards and redefines expectations.

We believe that true greatness is achieved not by following, but by leading with ingenuity and vision. This is the spirit of innovation. This is CUPRA.

Terramar has earned the 5-star Euro NCAP safety rating, joining other CUPRA vehicles.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

AI Generated.

TRIBE EDITION SENNHEISER™

A PURELY EMOTIONAL DESIGN, REIMAGINED

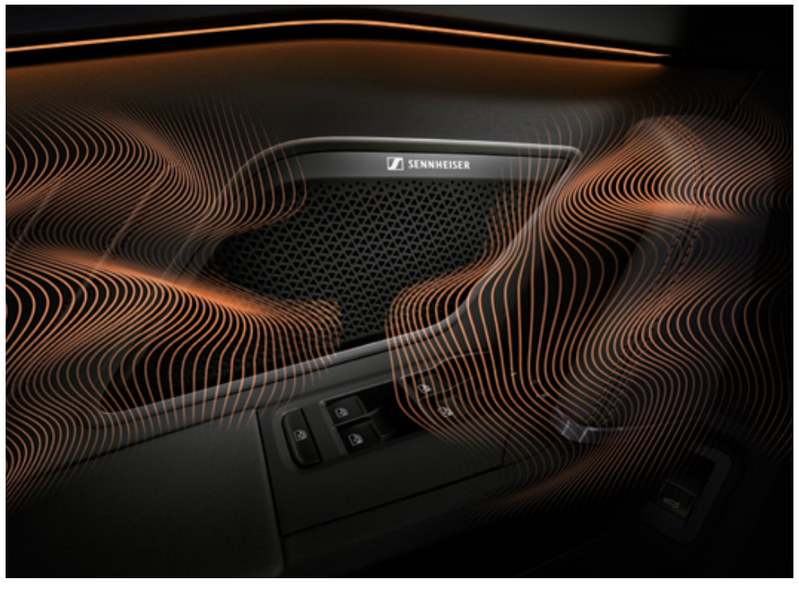

The powerful and thrilling CUPRA DNA meets rebellious character, to create something truly unique. Make a statement on the road with the striking Manganese Matt paint, elevated by Penumbra Black details, logos in Dark Chrome and Sulphur-toned alloys.

PURE INNOVATION ON THE ROAD

The Terramar Tribe Edition blends daring design with a forwardthinking vision. Featuring cuttingedge 3D-knitting craftsmanship that eliminates the need for cutting and sewing, it represents a bold step forward. It also features Sulphur Green paint by Mankiewicz, formulated with 15%bio-based content and applied to the front and rear door panel mouldings, the medium trim area of all air diffusers, and the inner diffuser frames—all while staying true to CUPRA's DNA.

DESIGNED FOR OUR TRIBE

The Tribe Edition features alloy wheels crafted from 20% recycled alu, aluminium roof rails containing 40% recycled material, and plastic components made with repurposed and bio-based materials. Enjoy every ride thanks to this commanding reinterpretation of an icon.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PERFORMANCE & TECHNOLOGY

CUPRA MATRIX LED ULTRA

Upgrade to the CUPRA Matrix LED Ultra for the best vision. The HD adaptive headlight technology offers a fully immersive driving experience, minimising glare, enhancing visibility, and projecting important information onto the road ahead. They work with onboard sensors to provide lane departure, roadworks, and blind spot warnings. Additionally, enjoy the welcoming ceremony function that lights up your path in style.

FOCUSED DRIVING

Remain focused on the road with CUPRA's cutting-edge wHUD – Windshield head up Display. Project essential information such as speed, navigation, and alerts directly into your line of sight.

SMARTLIGHT: INTELLIGENT ALERTS

Focus on the road ahead and enjoy your journey with the CUPRA Terramar's smart lighting system which provides real-time alerts for incoming calls, door status and more, ensuring you stay informed of any essential information.

SMART PARKING

Discover the latest parkising assisstant tech, Trained Park Assist, it's the CUPRA Terramar's personal parking valet. You only need to train your vehicle once for it to memorise your regular parking spots, handling everything from steering to braking for easy parking every time.

REMOTE PARKING MANOEUVRES ARE NOW A REALITY!

Discover the innovative Remote Park Assist* system and station your CUPRA Terramar in the parking spot effortlessly with the help of your smartphone.

* To use Remote Parking Functions (RPF), the user must download the My CUPRA app on their smartphone, be registered as primary user and ensure Bluetooth® and Internet connection.

For CUPRA Terramar models, RPF will only work in connection to mobile devices iPhone 8 or newer, with operating system iOS 16 or more recent. When using other devices there may be limitations in establishing or maintaining the Bluetooth connection. In such cases, the parking manoeuvre cannot be carried out remotely or will be aborted accordingly. Due to technical development, the mobile devices for which RPF is available may change over time. In particular, it is possible that certain mobile devices may no longer be supported due to related security risks or low usage.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

SAFETY

SMOOTH DRIVING

Travel Assist integrates adaptive cruise control, lane-keeping assistance and traffic jam assist, enhancing safety and comfort on every drive. Let the Terramar do the work with autonomous lane changes and vigilant blind spot monitoring.

SAFETY FIRST

Revolutionize your lane changes and exits with CUPRA Terramar's Side Assist, providing vigilant blind-spot monitoring and timely warnings for rear-approaching vehicles. Exit Assist ensures safe departures by alerting you to oncoming traffic when exiting your vehicle.

PROACTIVE PROTECTION

Step into a haven of safety with the Pre-Crash system, which preemptively tightens seatbelts and secures windows to ensure your security is top priority in case of imminent collision.

OPTIMIZED NIGHT DRIVING

Light Assist in the CUPRA Terramar automatically adjusts headlight beams for optimal visibility, making nighttime driving safer and more enjoyable. Illuminate your path with precision, as if you had a vigilant co-pilot by your side.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

UPGRADES

SENNHEISER™ AMBEO IMMERSIVE SOUND SYSTEM

A rich, 3D audio experience that elevates every ride with immersive sound — a perfect combination of 12 premium speakers and new roof surface-integrated audio technology, all paired to a 670W amplifier and advanced AMBEO immersive tech — bathing the cabin in a full, enveloping soundscape for all the passengers. The advanced AMBEO immersive technology brings depth, clarity, and emotional.

INTELLIGENT DRIVE

INTELLIGENT DRIVE includes Light Assist, Intelligent Park Assist, Head-Up Display and a Top View camera, providing advanced parking solutions and improved road safety for a worry-free drive.

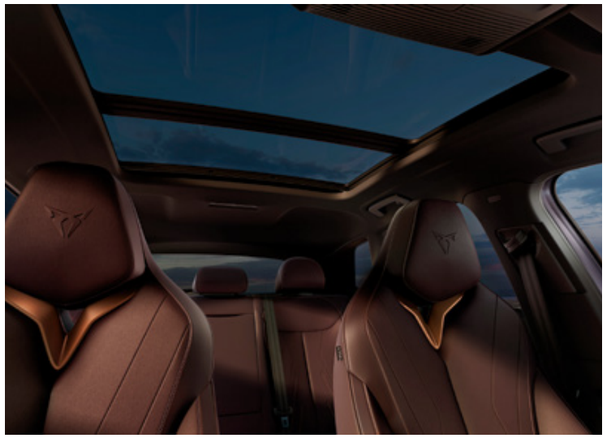

EDGE

Experience the latest features and security with EDGE. From illuminated scuff plates and Kessy Advance to adaptive cruise control and advanced alarm systems.

SKYLINE

Broaden your horizons with the CUPRA Terramar's Panorama Electric Sunroof. Enjoy maximized natural light and a spacious atmosphere inside your SUV, making every drive a delight.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

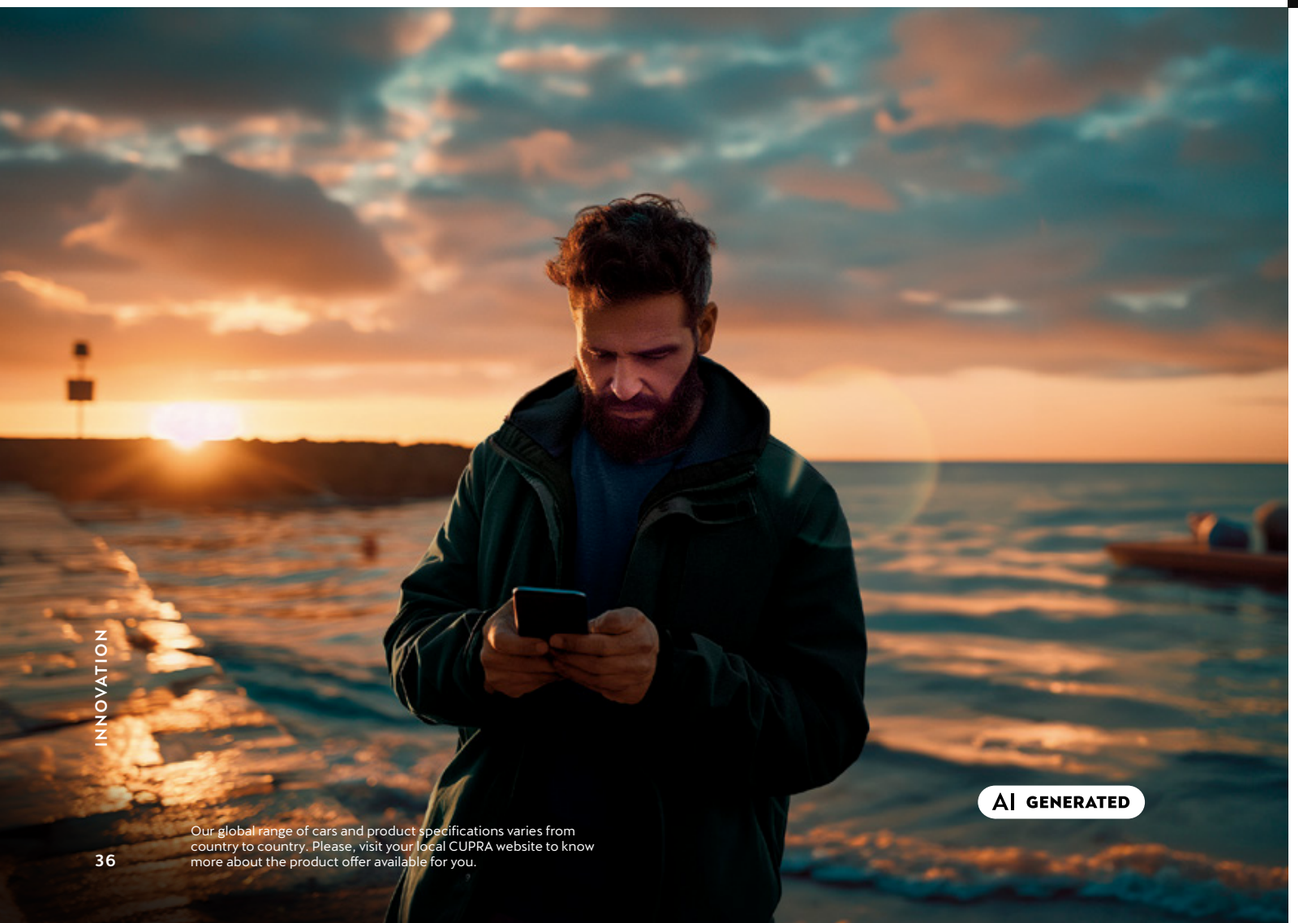

CUPRA CONNECT

Keep yourself connected and in charge.

ONE-CLICK CONTROL WITH MY CUPRA APP

Experience connected mobility with the My CUPRA App, giving you full control in the palm of your hand. Access remote features, manage charging and temperature. Stay connected with your CUPRA Terramar wherever you are.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ENHANCE YOUR NAVIGATION SYSTEM

Hit the road with the CUPRA Terramar's advanced 12.9" infotainment system. With CUPRA CONNECT, you can enjoy real-time navigation, entertainment features and use voice commands. Also, you can stay ahead of everything, with live traffic updates, information about petrol or charging stations, and the convenience of finding a parking spot and paying for it without leaving the car, thanks to Park & Pay*. Experience a truly connected drive with every adventure.

ALWAYS PROTECTED

Help is always available with CUPRA CONNECT, offering immediate support in the case of a breakdown or accident. Peace of mind on every journey.

* Park & Pay is not available in all markets. It may vary from country to country. Please visit your local CUPRA website for more information on available products and services.

LEISURE

Leisure is the prize of being first, the sweet reward for our relentless pursuit. Forged in the fires of competition, we committed to never settle, letting our passion for victory lead the way.

When the race is won, leisure becomes our celebration. It’s the moments of joy and relaxation that make the journey worthwhile, turning triumphs into cherished memories.

This pursuit led us to the CUPRA Terramar, a vehicle that embodies the perfect blend of thrill and tranquility.

We believe that true fulfilment is achieved not by following the ordinary, but by leading with passion and a zest for life. This is the spirit of leisure.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ACCESSORIES

Make the CUPRA Terramar uniquely yours with a curated collection of accessories.

SKI RACK

Gear up for your next mountain escape with our ski rack. Easy to install, soft pads protect your gear, and the anti-theft system keeps it secure.

BIKE RACKS

Lead the way. Terramar's bike rack fits your ride effortlessly, with smooth clamps to protect your bike and an anti-theft system for total peace of mind.

ROOF BARS

Conquer any journey with Terramar's roof bars—perfect for safely carrying bikes, skis, and more.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ACCESSORIES

TOW BAR

Tackle any challenge with CUPRA Terramar's tow bar—durable, easy to install, and ready for heavy loads.

HIGH CANYON FLOOR MATS

Protect your Terramar with rugged floor mats, crafted for the High Canyon design and built to keep every version pristine.

MOON LIGHT FLOOR MATS

Protect your CUPRA with the superb Moon Light floor mats. Crafted with an anti-slip design for more reliability.

SEMIRIGID BOOT TRAY

Command every journey with the semirigid boot tray—protecting your space from spills and damage, no matter the adventure.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CUPRA CARE

Take your CUPRA CARE to the next level with a plan made just for your unique car. Save money with a package that combines multiple products and exclusive services designed specifically for CUPRA owners.

WARRANTY EXTENSION

Extend your CUPRA manufacturer's warranty for up to 3 additional years or 150,000 km, guaranteeing your satisfaction from the start. Drive with confidence, knowing you are covered

SERVICE AND MAINTENANCE PACKAGES

These cover all routine services and inspections recommended by the manufacturer, including oil changes and filter replacements based on age and mileage.

CUPRA MOBILITY SERVICES

Enjoy 24-hour roadside assistance for a decade, covering the EU and select nearby areas. With a 2-year complimentary service upon purchase, you can rely on CUPRA Mobility Services to keep you moving.

CUPRA INSURANCE

You will receive quality service and support when you need it most, with a policy designed specifically for CUPRA drivers. Only CUPRA-trained technicians will repair your car using genuine parts, ensuring it meets its high-quality standards once again.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

ENVIRONMENTAL INFORMATION

LIGHTING

Headlamps and rear lamps are 100% LED, increasing life service by up to 10 times. For headlamps, power consumption is significantly reduced at least 30%, and the luminous flux effectiveness is increased at least 30% in comparison to a halogen lamp.

RECYCLED MATERIALS

Seat Deep Ocean configuration:
Its seat central areas contain 100% upcycled SEAQUAL® YARN material.

Seat Moon Light configuration:
Its seat central area contains microfiber Dinamica® with 73% of recycled polyester (pre-consumer and post-consumer origin).

Carpets contain a minimum of 30% recycled nylon ECONYL® yarn (nylon from discarded fishing nets and textile fibres from old carpets).

ENGINES

e-HYBRID: The all-electric motor in the e-HYBRID engine enables zero tailpipe emissions driving in electric mode.

ZERO EMISSIONS

An indicator that shows the distance driver with zero tailpipe emissions using electric-only mode.

E-RANGE MONITOR

Informs the driver of the increase in range of electric-only engine when combustion-only is off.

GEOFENCING

This technology ensures an automatic shift to 100% electrical driving, when detecting the entrance of the vehicle into low-emission urban zones. This means zero tailpipe emissions driving, which contributes to improving air quality in cities and protecting public health.

AI Generated.

TRIBE EDITION

RECYCLED MATERIALS

Plastic components for both the exterior and interior of the cabin, containing at least 30% recycled material, including parts like bumper components and interior linings.

Aluminium rims containing 20% recycled material.

Seat fabrics:

3D knitting technology:
3 DKnitting technology achieves a 100% waste reduction, by using exactly the amount of material needed for each production. The fabrics in the central part of the front and rear lateral seats are made using 3DKnitting technology and contain 100% recycled material.

Others:
The fabrics on the lateral and back of the front seats, as well as the central parts of the rear side seats, contain at least 36% recycled material.

BIO-BASED MATERIALS

Front and rear door panels moulding and medium area from all air diffusers are painted with the new paint Sulphur Green by Mankiewicz. This paint introduces a new, innovative colour in the interior of the vehicle and is formulated with 15% of bio-based material.

SEAT S.A.'s environmental mission: contributes to climate protection, resource conservation, ecosystem preservation, and compliance with environmental regulations.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

TECHNICALS

Immerse yourself in the peak of precision engineering with the CUPRA Terramar technical specifications. Every detail demonstrates our commitment to quality. These are the facts that define our vehicles: fuel consumption that harmonizes efficiency with power, and transmission systems crafted for engagement with the road.

From the finely tuned suspension to the advanced braking systems, every component is engineered to deliver a real driving experience.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

[19] Requires Edge upgrade. Requires High Canyon, Moon Light or Tribe edition interior.
[20] Requires Intelligent Drive.

For CUPRA Terramar models, RPF will only work in connection to mobile devices iPhone 8 or newer, with operating system iOS 16 or more recent. When using other devices there may be limitations in establishing or maintaining the Bluetooth connection. In such cases, the parking manoeuvre cannot be carried out remotely or will be aborted accordingly. Due to technical development, the mobile devices for which RPF is available may change over time. In particular, it is possible that certain mobile devices may no longer be supported due to related security risks or low usage.

ENGINE SPECS

PETROL ENGINE

2.0 TSI 265 HP (195 KW) 4DRIVE 7-SPEED START/STOP
CUPRA TERRAMAR VZ

Cylinder/Valve (Total)	4 / 16
Displacement (cc)	1,984
Cylinder bore and stroke (mm)	82.5 / 92.8
Compression ratio	9.6
Maximum power (kW (PS)/rpm)	195 (265) / 5,000 - 6,500
Maximum torque (Nm/rpm)	400 / 1650 - 4350
Fuel supply system	TSI Direct Injection
Ignition	Electronic map-controlled ignition
Atmospheric/Supercharged	Turbo charged
Fuel type	ROZ 95
Oil capacity in initial fill (l)	6.6
Alternator (A)	140A (8GU) / 180A (8GV)
Battery (Ah/A)	70Ah (420A) / 68Ah (380A)

PERFORMANCE

2.0 TSI 265 HP (195 KW) 4DRIVE 7-SPEED START/STOP
CUPRA TERRAMAR VZ

Maximum speed [km/h (gear)]	243 (6.G)
Acceleration 0-100 km/h (s)	5.9

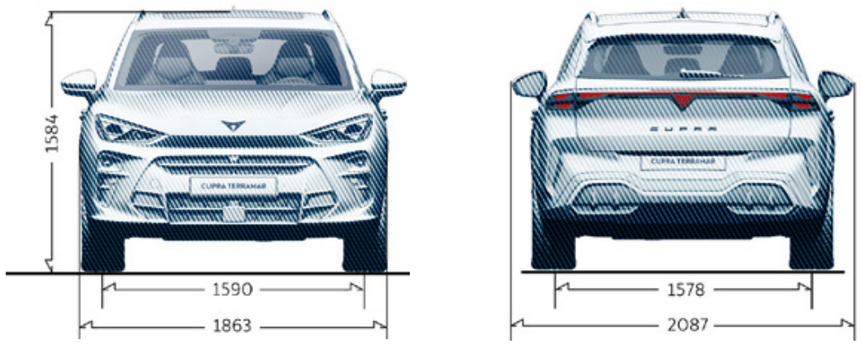

FUEL CONSUMPTION

Combined WLTP Range (l/100km)	8.4 - 8.6

MASS EMISSION

CO_2 Combined WLTP Range (g/km)	190 - 196
